Appendix 6 – Cookies Policy

What are Cookies?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies are widely used by online service providers to help build a profile of users. They are also used to make websites work, or work more efficiently, as well as to provide information to the owners of the site. Some of this data will be aggregated or statistical, which means that we will not be able to identify you individually.

You can set your browser not to accept cookies and the information below explains how to remove cookies from your browser. However, some of our website features may not function as a result.

How We Use Your Cookies

The Trust may request cookies to be set on your computer or device. Cookies are used to let us know when you visit our websites, how you interact with us and to make your experience using the Trust websites better for you. The cookies we collect may differ depending on what you are looking at on our websites. You are able to adapt your cookie preferences but by blocking certain types of cookies, it may mean that your experience on the websites is impacted.

Consent to Use Cookies

We will ask for your permission (consent) to place cookies or other similar technologies on your device, except where they are essential to provide you with a service that you have requested (e.g., to enable you to put items in your shopping basket and to use our check-out process).

There is a notice on our websites which describes how we use cookies and requests your consent to place cookies on your device.

How to Turn Off Cookies

If you do not want to accept cookies, you can change your browser settings so that cookies are not accepted. If you do this, please be aware that you may lose some of the functionality of the websites. For further information about cookies and how to disable them please go to the Information Commissioner's webpage on cookies: https://ico.org.uk/for-the-public/online/cookies/. You can disable cookies yourself by following the steps at this link: https://www.aboutcookies.org.uk/managing-cookies.

Cookies Used

Strictly Necessary Cookies

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences, logging in or filling in forms.

You can set your browser to block or alert you about these cookies, but some parts of the site will not then work. These cookies do not store any personally identifiable information.

Functional Cookies

These cookies enable the website to provide enhanced functionality and personalisation. They may be set by us or by third party providers whose services we have added to our pages.

If you do not allow these cookies then some or all of these services may not function properly.

Targeting Cookies

These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant adverts on other sites.

They do not store directly personal information, but are based on uniquely identifying your browser and internet device. If you do not allow these cookies, you will experience less targeted advertising.
