

FLUENCY FACTS EYFS

Autumn 1

Recognise digits to 5.

Ordering digits to 5.

Count objects up to 5 reliably (e.g. I need 4 spoons for dinner) 1 number for 1 object.

Finding one more or one less than any number to 5.

Autumn 2

Recognise digits to 10.

Ordering digits to 10.

Count objects up to 10 reliably (e.g. I need 8 cars in the garage) 1 number for 1 object.

Finding one more or one less than any number to 10.

Spring 1

Learn number bonds up to 5.

$$0 + 1 = 1$$

$$0 + 2 = 2$$

$$1 + 1 = 2$$

$$0 + 3 = 3$$

$$1 + 2 = 3$$

$$0 + 4 = 4$$

$$1 + 3 = 4$$

$$2 + 2 = 4$$

$$0 + 5 = 5$$

$$1 + 4 = 5$$

$$2 + 3 = 5$$

Spring 2

Learn doubles to 5.

$$0 + 0 = 0$$

$$1 + 1 = 2$$

$$2 + 2 = 4$$

Double 0 is 0

Double 1 is 2

Double 2 is 4

Learn number bonds up to 6 & 7.

$$0 + 6 = 6$$

$$1 + 5 = 6$$

$$2 + 4 = 6$$

$$3 + 3 = 6$$

$$0 + 7 = 7$$

$$1 + 6 = 7$$

$$2 + 5 = 7$$

$$3 + 4 = 7$$

Summer 1

Revise number bonds to 7 and learn number bonds up to 10.

$$0 + 8 = 8$$

$$1 + 7 = 8$$

$$2 + 6 = 8$$

$$3 + 5 = 8$$

$$4 + 4 = 8$$

$$0 + 9 = 9$$

$$1 + 8 = 9$$

$$2 + 7 = 9$$

$$3 + 6 = 9$$

$$4 + 5 = 9$$

$$0 + 10 = 10$$

$$1 + 9 = 10$$

$$2 + 8 = 10$$

$$3 + 7 = 10$$

$$4 + 6 = 10$$

Summer 2

Learn whether a number is odd or even

Odd numbers can't be shared into two equal groups
1 3 5 7 9

Even numbers can be shared into two equal groups
2 4 6 8 10

All number bonds should be practised in any order for example $1 + 3 = 4$ and $3 + 1 = 4$ to show that we can add numbers in any order.

How can you help your child?

We really value your support from home to reinforce the teaching at school. Little and often is the best way to help your child.

They can answer verbally, in written form (on paper, on your back, chalk) or using technology to support.

If you choose to recall verbally please make sure that your child is pronouncing the numbers correctly and not getting confused between similar sounding numbers, for example: thirteen and thirty.

If your child is confident in the skills on this fact sheet then please continue to practice them to support them becoming known recall facts.

You can look on your yeargroup overview to see the other areas in Maths they are covering if you would like to support them in these.

Websites

Although we know that your child may enjoy using websites to support their learning, we encourage the use of maths in practical situations in everyday life for example counting objects, using pebbles or buttons or toys to count.

All children have Numbot account that can be used to support their mathematical skills and knowledge of key facts.

See more information [here](#)

Top marks Hit the Button is a great game for practising fluency facts.

Topmarks website has lots of games that are interactive and support with number development.

Games

Pairs - draw out and cut out cards with the times table and answers to find and match

Timed matching - time your child at matching the answers to the questions

Using TopTrump cards is very good at reinforcing number facts and understanding the value of number for example less than/greater than/equal to, value of each digit within a number and reading the names of the numbers.
